

# KEY TIPS

## Prior

- Prepare by familiarizing yourself with the Decision Tree.
- Touch base with team members to identify who will lead the discussion.
- Discuss at a team meeting to help you feel confident during implementation.
- Build skills through practice.

## During

- Observe caregiver's cues.
- Provide a break or change of scenery if needed.

Be ready to contribute examples as a team member.

## After

- Touch base with the team on what went well and areas of growth.
- Revisit the discussion during a team meeting.
