

**Integrated Training Collaborative Meeting**  
**January 27, 2014**  
**Agenda**

**1. Please join my meeting.**

<https://global.gotomeeting.com/meeting/join/447072613>

**2. Join the conference call:**

[1-866-842-5779](tel:1-866-842-5779) Passcode: 287-353-3701#

Meeting ID: 447-072-613

Adelle Rohner, Adrienne Frank, Anne Brager, Beth Tolley, Carole Ivey, Cathy Cook, Debra Holloway, Jen Newton, Patti Eitemiller, Stacie Jackson, Catherine Hancock, Dana Childress, Cori Hill, Kris Ganley, Sheryl Fahey, Lynne Blythe, Jen Barnes-Maddox, Deana Buck, Pam Park

1. Welcome, Announcements, & Celebrations

- Jen B-M – Her son, Dalton George, turned 2 months on Saturday!
- Thanks to Jen N. for sending us the conference call video! Very funny!

2. State & National Activities

- *I&TC office, T/TACs, VCPD, universities, local systems, Partnership, others*

Beth and Anne are working at the national level with child outcomes group through a learning community working on integrating child outcomes into IFSP process. Group is piloting an inter-rater reliability tool but won't be ready for 5+ months.

Debra – Feb 5<sup>th</sup> 10am hosting a webinar on assistive tech and environmental modifications  
Feb 25<sup>th</sup> noon hosting inclusive playgroups webinar (how to start, etc.).

Cathy –

- CCSS 2015 in planning phase since 2014 conference is cancelled.
- Registration for ECMH institute is live and will be held on Feb 12<sup>th</sup>. To register visit: <http://www.ecmhva.org/> under training/events tab.
- Leadership Summit (for 0-5, preservice, and parents) will be held March 4<sup>th</sup> at JMU.
- TTAC has continued to collaborate with local EIs and is holding another book study on "Mind in the Making." Book study also has a wiki for collaboration and work in between meetings.

Sheryl & Kris – Part B to C Summit was cancelled last week and will be rescheduled.

Cori – Jaye Harvey is new VCPD State Coordinator and has tremendous amount of VA history (faculty at Radford, former 619 coordinator, sped director, and Kaleidoscope trainer). She is planning to meet with each regional consortium. CCSS is a VCPD activity so hoping to make it more of a collaborative activity for 2015. Jaye is the contact for VCPD if you are interested in joining the work. [www.VCPD.net](http://www.VCPD.net) is statewide website where you can find out about regional activities too.

Deana – Attending the AMCHP (Assoc. of Maternal and Child Health Programs) conference today and will be bringing back info for the next meeting.

### 3. Updates on current ITC work and tie to ITCVA Priorities

- Correlation to ITCVA Priorities
  - Strengthening LSM skills with fiscal management
    - LSM Meeting in March
      - Deana is coordinating with Beth and Kyla for planning. Meeting will have different focus because OSEP has shifted focus in monitoring. Part of meeting will have time for updates. Afternoon will be for strategic planning for measurement systems for fiscal management.
      - Beth shared that the state is now required by OSEP to develop state systemic improvement plan. Need to capture how well children are doing – more focus on quality and outcome results for children and families. Meeting will be opportunity for LSMs to understand these new requirements and what is happening now.
    - Webinar-insurance by Kelly Hill
      - Archived webinar is posted on LSM page.  
[http://www.eipd.vcu.edu/sub\\_local\\_sys\\_mgt.html](http://www.eipd.vcu.edu/sub_local_sys_mgt.html)
    - Evidence-based practices behind EI – discussed at LSM meeting in the fall. As a result of this discussion, there is now an EBP group (Kyla and Dana are facilitating).
    - New page on eipd site: Early Intervention: What It Is and Why It Works  
[http://www.eipd.vcu.edu/ei\\_what\\_why.html](http://www.eipd.vcu.edu/ei_what_why.html)
  - Basic training for service providers
    - Module revision work including introductory module
      - We are updating the content and format of the certification modules now. The revised modules will be packaged differently than in the past with smaller “chunks” to make the learning more accessible. Let us know if you are interested in helping with revision, sharing practical info/content, being videotaped, etc. We need you! 😊
      - Cori is working with national group who is looking at developing a universal curriculum for info that is relevant regardless of your state. We will be able to take the info and adapt it to VA. Content being developed now revolves around 7 key principles.
      - Procedural Safeguards module is under final revision and will hopefully be ready for launch in March. This module should be about 20 min long. Thanks to ITC reviewers for their input!
      - Content Acquisition Podcast (CAP) – Jen is working with a UVA colleague on these 3-6 min videos with static content (does not change) that people can use to get quick info consistently in an easily digestible way. Cori and Jen will collaborate on 1-2 CAPs related to overview of Part C and what is EI (VA- Specific). This will be part of a package of basic training content.
    - Presenting at VA OT Association and SHAV
      - Cori, Dana, and Corey Cassidy are presenting at SHAV.

- Carole Ivey has helped us get our foot in the door to VAOTA conference. Deana, Cori and Carole are presenting about sharing how to access info about EI (portal tools and resources that faculty and providers can use).
- We would like to link up with the VAPTA as well. Beth suggested that we get help from a local PT provider who is active in VAPTA. Kim Lephart has offered to assist with this.
- New webpage – Faculty and Future Early Interventionists
  - [http://www.eipd.vcu.edu/faculty\\_future\\_ei.html](http://www.eipd.vcu.edu/faculty_future_ei.html)
  - Not finalized yet but is live on site. Is a resource to answer students' questions and help faculty see how to use EIPD resources in their courses.
- Integrating the child indicators into the new IFSP
  - Working on developing video clips on assessment with child indicators
  - Anne is working through providing TA and information about practices at regional meetings. We are seeing more validity in our data, assessments are more functional, outcomes are more functional. Lots of great work that local systems are doing. Data is being reviewed to be sure that we have a good idea of how systems are doing across the state.
- Coaching initiative
  - Richmond Coaching in May 3,5, and 6 in Glen Allen
    - Registration just launched. Looking forward to getting this part of the state trained.
    - VCU TTAC collaboration is much appreciated!
  - Roanoke/SW Coaching in June 1<sup>st</sup>-3<sup>rd</sup> (tentative dates, no location yet)
    - VA Tech TTAC collaboration is much appreciated!
  - By end of ITC year (end of June), we hope that every region of state will have had coaching training held.
  - Coaching initiative will continue to be a high priority for next year.
  - In discussion with Dathan and M'Lisa for additional work.

#### 4. EI Event

- To be held October 2014
- No location determined
- Need conference committee

I&TC office has talked with us about building an EI event or conference for October. We do not have a date or location yet. This is a big effort to get done in the next 8 months. We need ITC members to join the conference committee. Also, let Cori know if you have direct service provider colleagues who would be interested in helping too.

#### Conference Committee

Stacie  
 Pam  
 Deborah  
 Patti  
 Lynne B.  
 Dana  
 Cori  
 Deana  
 Beth

Anne  
Richard  
Kimberly Griffith

IDEAS for what to focus on?

- IMH endorsement process
- Connecting the dots with integrating the child outcomes
- Family outcomes
- Coaching and NE practices (connecting with child outcomes)
- Evidence-based practices
- What is routines-based intervention? – Back to Basics (why you use resources in home, how do you identify routines and NLOs, what do you do on visits)
  - Build more consistent foundational understanding across the state (which should help with implementation of coaching)
- Provision of EI supports and services in childcare settings

#### 5. Other Business?

**DEC Recommended Practices** doc is available for review. Review period has been extended til February 3<sup>rd</sup>. Jen would like for EI to have a good representation so please take time to review. Beth reviewed and was concerned that instructional section did not reflect EI population and was more focused on school-aged children. Jen agreed that DEC needs more input about this section. Please take the time to provide your input! <http://www.decrecpractices.org/input.asp>

Please invite colleagues who are interested in ITC work. You can connect them with Cori so she can update our membership list.

**Next meeting – April 21<sup>st</sup> 10:30-12:00**

Thanks Everyone!
